## 1st Day Saturday Kotor -Perast ( 1/2h navigation )

Check in at 5 pm and meeting the crew with traditional welcome drink. After a short navigation we come at Perast, where we spend first night on board enjoying dinner and company. The Gulf of Kotor (Boka Kotorska) cuts deeply into the coastline of the southern part of the Yugoslav Adriatic, creating four spectacular bays ringed in mountains, the “fjords” of the Mediterranean.

The little town of Perast is situated where the innermost bays of Risan and Kotor converge. Preceded by two jewel-like islands, Perast is focused on the sea. From the interaction between mainland and bay, the inherent contrast of stone and water, the dialogue of island and wave, sometimes in harmony but often in conflict, this sea-faring town has derived its unity, strength and sense of purpose.

## 2nd Day Sunday Perast - Herceg Novi ( 1h navigation )

After breakfast we start our trip from Perast to Herceg Novi. During day we will serve lunch on the board and make few stops for swimming. From the sea, the view of Herceg Novi is breathtaking. A tradition of importing seeds, exotic plants, trees and fruits from around the world has transformed Herceg Novi into a veritable botanic garden, carefully tended and expanded over centuries.

Built on a series of terraces, this Town Garden is positioned perfectly, with a view of the open sea and two peninsulas: Lustica and Prevlaka. Herceg Novi is also known as the Town of the Writers.

The list of famous writers from whom Herceg Novi was a muse is long. Writers have always been fascinated with Herceg Novi and this love for the town grows with each new generation. Perhaps it is the dominating blues and greens of this sea-landscape that brings tranquility and inspiration.

It is an antique town with picturesque middle-aged, narrow and

curving streets, densely joined two-and- three-floor stone houses decorated by elements of the Renaissance and Baroque, and finally there is a series of valuable edifices from the Ottoman time. The oldest remnants of the walls date back to the Illyrian time. In the VI century the town got two gates: the lower (Eastern), which can be reached from the sea-side and the upper (Western), which can be reached from land.
